

SHRI GNANAMBICA DEGREE COLLEGE

(Affiliated to S.V. University)

6.5.1 Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Shri Gnanambica Degree College attempts to sculpt out the total quality person through a stubborn focus on imparting quality education, through its state-of-the-art, comprehensive and flexible education policy. The Internal Quality Assurance Cell (IQAC) of SGDC carries out the activities that encompass all aspects of the Institutions functioning.

The IQAC at SGDC was constituted on 15th June, 2017. From the time, it has been performing the following tasks on a regular basis:

1. Upgrading in quality of teaching and research by consistent inputs to all concerned based on feedback from students.
2. For the efficient resource mobilization and to provide better services to students and faculty best practices are administered.
3. Academic and Administrative Audit inputs are provided and in the poor areas improvement is carried out based on the analysis of results.

Students and staff give their feedback and suggestions on teaching and administrative performance through email to the Coordinator, IQAC at iqac@sgdc.ac.in.

The IQAC has immensely contributed in the implementation of quality assurance strategies and processes at all levels.

The Institute IQAC regularly meets every six months.

The Institute IQAC formulates, assesses and endorses the following for approval by the relevant Institute and Govt. statutory authorities:

- Self-Study Reports of various accreditation bodies (ISO 9001)
- Performance Based Appraisal System for Career Advancement Scheme
- Stakeholder's feedback
- Action Taken Reports

Email: gnanambicadegreecollege@gmail.com

AN ISO 9001 - 2008 CERTIFIED INSTITUTION

The two examples of practices institutionalized as a result of IQAC initiatives are as follows:

Students Feedback on facilities

The endowment of good staff, organization and other assets are essential for the students to face emerging challenges in order to succeed their goals. The students, faculty, and other staff are the benchmark of an institution's image. Apart from the regular academic up keeping, the students are provided with other facilities like sports & games and library for outshining academics.

IQAC provides a pleasant environment to the students for developing their skills in both academics and co-curricular and extracurricular activities. The feedback on Infrastructure facilities is collected from all the students.

The students give feedback in the range of 1 to 5 for each parameter in the feedback form. The survey report is collected from the students. Analysis is done by IQAC at the institutional level and is submitted to Principal for review and suggestions. Based on the feedback report, the management prioritizes and make the decision on improving various facilities. The action taken report is prepared by IQAC after the corrective actions are taken.

Women Empowerment Cell (WEC)

Since the beginning of the institution, the admission of female students in to various degree courses is increasing year after year. This gradual growth in the enrolment upholds the commitment of the institution towards women empowerment. So, the Women Empowerment Cell was constituted at the institution to provide support, assistance and guidance to the female students for their complete development. The main functions of the cell is to embolden women students to excel not only in academics but also in co-curricular and extra-curricular activities. Apart from this, the WEC also organizes programs which motivates and provide career guidance to the women students. The cell also lectures various openings available for women in India to turn in to successful entrepreneurs.

Women empowerment cell is constituted every year under the leadership of the Principal. The cell constitutes women faculty and students. To plan on different activities and in order to review the action plans, the cell meets once in every semester or whenever needed under the supervision of the principal.

The establishing and active functioning of the cell helped the women students to fulfill their dreams by motivating the students during the course of study. The institute acknowledged more pass percentage, more placements and accomplishments in co and extra-curricular activities among women students. As a result the institute continues to attract more girl students to it's under graduate programs every year.
