

**Mrs. K. Lahari, M.Sc. (Mathematics)**  
Assistant Professor

Mrs. K. Lahari is an Assistant Professor in the Department of Mathematics at Shri Gnanambica Degree College (Autonomous), Madanapalle. She holds a Master of Science (M.Sc.) degree in Mathematics and is committed to nurturing analytical thinking, logical reasoning, and problem-solving abilities among students.

Her academic interests include Pure and Applied Mathematics, Quantitative Techniques, and Mathematical Applications in Science and Technology. Through her student-centric teaching approach, she strives to make mathematical concepts engaging, accessible, and relevant to real-world applications.

In addition to her academic responsibilities, Mrs. Lahari serves as the **NEP Coordinator** of the institution, actively contributing to the implementation of the National Education Policy (NEP) initiatives, multidisciplinary learning practices, and student-centered educational reforms. Her efforts support the institution's commitment to academic innovation and holistic development.

Known for her dedication, patience, and mentoring skills, Mrs. Lahari continuously inspires students to develop confidence in mathematics and achieve academic excellence.
